

GET STARTED

Divvy Visa[®] Business Cards

Here are the steps to get started:

- 1 Verify your identity.** Look for an email that your identity has been verified.
- 2 Activate your new physical card.** Login to your Divvy mobile app, and select activate new card. Your MasterCard will remain active until the moment you activate your Visa card.
- 3 Update your virtual cards.** Login to Divvy on a web browser. Navigate to Visa in the left menu bar. Click through each virtual card to activate and update your vendors with the new card number.

Activate Visa virtual cards

Go through each card below to update your vendors and activate new Visa virtual cards. Current virtual cards will remain active until the Visa virtual card is manually activated or until Month xx, 2021.
